Talena, a female human fighter 15. She also grew up and lives in the Empire in the Dragonstar galaxy. She has a chaotic good alignment, and honors the Mother goddess. She seeks to preserve freedom and virtue in the multiverse, and opposes those who impose tyranny or do evil.

Her parents were killed by the ISPD when she was rather young. To be free of the institutional settings in which she grew up and learn to avenge her parents' deaths, Talena enlisted in the military, where she has become quite proficient in the use of an assault blaster and a capable soldier. Over time, her goals have broadened to oppose all forms of evil and oppression – at least to the extent she believes herself capable while living to continue the fight another day.
